Re: Cynthia Roberts Teacher Recommendation

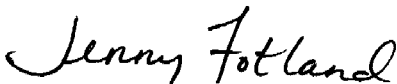

To Whom It May Concern:

It is my pleasure to recommend Cynthia Roberts. Cyn was my instructor during the Summer of 2007, at the Art Institute of Portland. The course I took was a portfolio class that was the first of the final two portfolio classes.

The course was highly informative and relevant to current issues that I face today starting my own business. Cyn was always helpful during the course with suggestions on how to make my projects better. The learning has not ended with the class, but has carried with me, since graduating last December.

Since leaving school, Cyn has been very helpful anytime I've had questions. This shows me that she is willing to go beyond what she is asked to do as an instructor. Therefore, I recommend Cyn without hesitation.

Sincerely,
